

## SHURESHOP WORKBENCHES

### DELUXE WORKBENCH

Catalog No. 030261  
(Shown in Cardinal Red)

Shureshop Workbenches offer a variety of styles and sizes to fit your shop needs. The Shureshop Benches are made in the U.S.A of heavy-gauge steel construction for strength and durability. Designed to work under rugged shop environments, these benches are a step above the competition. The powder coat finish paint extends the bench life and resists rusting, chipping and peeling. Benches can be configured in a number of different ways - customize these benches to work best in your shop. Available in four different styles: Portable, Stationary, Semi-Portable and Wall-Mounted.

### \*BENCH ADD-ON DRAWERS

Inside drawer dimensions are 20" wide by 20" deep by 6" high. Can be mounted under the benchtop of Basic Workbench for extra storage - either stacked in vertical tiers or side-by-side (two drawers fit side-by-side under 60" benchtop; three drawers can be used under 72" top).

### JOE SHURE CART

Catalog No. 630085
